To Authorities, Owners, Ships Agents, Masters, Pilots and Fishermen:

This notice is to advise that the self-propelled Jack-up-Vessel 'MPI Adventure' (Call Sign PCKV) is attending site to undertake a main component exchange at the following WTG location; K2.

All vessels are to maintain a 200M exclusion zone around the MPI Adventure at all times.

Work is planned within an execution window from 3rd April until 15th April 2026, for approximately 4 days on site, dependent on operational conditions.

In the lead up to, and for the duration of this programme of work, fishermen are requested and advised not to set any gear close to the above-mentioned Turbine positions and re-locate any gear already in close proximity.

MPI Adventure can be contacted either directly via standard VHF operating frequencies (Ch16 & 12), or via the RWE UK Central Control Room on the above number.

An image of the vessel can be found on the following page for reference.
